

## Project Overview

With inspiration from western heritage, the architectural climate of Calgary and the distinctive character of the Stampede, our vision for the Stampede Trail, which inspires the imagination, cultivates success and promotes community.

Stampede Trail will create a place for daily shopping, dining, socializing, learning, entertainment and hospitality that can be enjoyed by visitors of all ages. The new, mixed-use development will build on the high-level of activity that occurs year round on Stampede Park grounds. Grand amenities will create a procession of activity all along Stampede Trail and will include a fire pit, architectural monuments, chiming carillon bells, a dramatic sculpture fountain, a plaza for gathering and majestic entry gateways. The Stampede Trail will preserve and advance the Calgary Stampede's western heritage and values.

Location: Calgary, Alberta, Canada

Site Area: 16 Acres

Retail GLA: 150,000 square feet

Office GLA: 100,000 square feet

Hotel: 300 room hotel
